Dear Mr. Chapman

I received from Mr. Ulex in Hamburg the little win of Henri Christophe. Unhappily since the time I asked it to rev.d Ely as an exchange, some weeks have elapsed; I was told that you were away from home and next that it had been sent, with others, for examination. I consequently had lost all hopes of getting it, when I very

occasionnally came over one like it, which I decided to get.

For such a result, I am sorry you took so much trouble.

I hope to see you in Phil'a next month, being on the way to Taiti, a small French island in the Pacific. I shall bring the mantles.

Very sincerely yours

A. Salles
